

PRIVACY NOTICE
InVentry Limited

1.0 Scope

All data subjects whose personal data is collected, is done so in line with the requirements of the GDPR.

2.0 Responsibilities

The Data and Safeguarding Manager is responsible for ensuring that this notice is made available to data subjects prior to the school/client organisation collecting/processing their personal data. All Employees/Staff of the school/client organisation who interact with data subjects are responsible for ensuring that this notice is drawn to the data subject's attention and their consent to the processing of their data is secured.

3.0 Who are we?

InVentry has been the driving force in visitor management systems since 2010. What started out as the answer to an outdated paper-based system, has now become the market leading sign in and visitor management system in the UK.

There are now over 4,000 schools using InVentry. Every week we handle more than 5.7 million sign in and out events (that's up to 49 every second) and capture over 146,000 visitor images.

More than 5 years on and we're still pushing the technology we use and the industry as a whole. This constant drive to keep moving forward was recently captured by InVentry being named the 21st Fastest Growing Technology Business in the North and being named in the Deloitte Fast 500.

We have now extended our sign in solution beyond education, serving customers in the private and public sectors as well as local government.

InVentry speeds up the sign in process, keeps identity information secure, and leaves schools feeling confident that their students and staff are safe.
